OVERVIEW OF RESEARCH

Chalapathi University, Guntur • Academic Year 2026–27

1. Research at Chalapathi University

Chalapathi University was established as a **Brownfield University** under **Ordinance No. 8 of 2026** of the Government of Andhra Pradesh, in terms of the Andhra Pradesh Private Universities (Establishment and Regulation) Act, 2016, by transforming Chalapathi Institute of Technology into a university. Sponsored by Chalapathi Educational Society, Guntur, the University builds on the Society's long record in technical, pharmaceutical and general higher education in the region.

Research is central to the University's mission. Its doctoral programmes follow the UGC (Minimum Standards and Procedure for Award of Ph.D. Degree) Regulations and the National Education Policy 2020, and are backed by experienced research supervisors, dedicated research laboratories and a structured review system that guides every scholar from admission to the award of the degree.

25	**8**	**4**	**FT & PT**
Ph.D. faculty to guide research	departments offering the Ph.D.	schools of study	full-time and part-time Ph.D.

2. Schools and Doctoral Programmes

Doctoral research is offered in eight departments across four schools. A master's degree in the relevant discipline with at least 55% marks from a UGC-recognised university is the basic eligibility, with a 5% relaxation for SC/ST/OBC (non-creamy layer), differently abled, EWS and other UGC-recognised categories.

School	Ph.D. Programmes	Minimum Eligibility
School of Engineering	Civil Engineering; Electronics & Communication Engineering; Electrical & Electronics Engineering; Mechanical Engineering	M.E./M.Tech. in the relevant discipline, 55%
School of Computing Sciences	Computer Science & Engineering and allied branches	PG in CSE or allied branch, 55%
School of Sciences and Humanities	Mathematics; Physics; Chemistry; English	PG in the relevant subject, 55%
School of Business and Management	Management	PG in Management, 55%

3. Research Infrastructure and Centres

The University supports research through specialised laboratories and centres that give scholars hands-on access to industry-standard tools and modern experimental facilities.

3.1 SAP University Alliances Lab

Through the SAP University Alliances programme, scholars and faculty work with SAP enterprise software and learning resources. The lab supports research in enterprise resource planning, business processes, data analytics and digital transformation, linking Computing Sciences with Business and Management.

3.2 Robotics Research Laboratory

The Robotics Research Laboratory provides a platform for interdisciplinary work in robotics, automation, embedded and control systems, sensors and intelligent machines, bringing together scholars from Mechanical, Electrical, Electronics and Computer Science Engineering.

3.3 Centres for Research Activities

Each participating school maintains research laboratories and specialised centres in its disciplines. These centres host doctoral work, faculty projects, seminars and research review meetings, and encourage collaboration across departments and with recognised research organisations.

4. Research Supervision

The University has **25 Ph.D.-qualified faculty members** who guide scholars across its schools. Each scholar works under a supervisor from the University's approved panel, whose written consent is required before registration. For interdisciplinary topics, a co-supervisor may be appointed from within the University or from a recognised research organisation. The list of approved supervisors and their research areas is published on the University website.

5. The Doctoral Journey

Stage	What it involves
Admission	Chalapathi University Research Aptitude Test (CU-RAT) followed by an interview. Candidates with UGC-NET/CSIR-JRF/SLET/GATE, APRCET, M.Phil. or a teacher fellowship are exempt from CU-RAT but must clear the interview.
Duration	Full-time: 3 to 6 years. Part-time: 4 to 8 years. Up to 2 further years for women scholars and persons with disabilities (40% or more).
Coursework	Minimum 12 credits: Research Methodology (2), Research & Publication Ethics (2) and two discipline courses (4 each), with NPTEL/SWAYAM options; to be completed within 2 years.
Progress review	Research Review Meetings every six months before the Research Review Committee, which includes an external expert.
Publications	At least three papers before thesis submission, of which at least two in Scopus/Web of Science indexed journals, carrying the University affiliation.
Synopsis and pre-submission	Synopsis and draft thesis presented in an open seminar before the Doctoral Research Committee, which certifies eligibility to submit.
Evaluation	Similarity index of 20% or less; thesis assessed by three external examiners chosen from IITs/NITs/IIITs/Central, State and private universities.
Viva-voce and award	Open viva-voce; degree conferred after the thesis is uploaded to Shodhganga (INFLIBNET).

6. Research Quality and Integrity

- **Structured oversight:** Research Review Committees and Doctoral Research Committees, each with external subject experts, monitor every scholar's progress.
- **Academic integrity:** Plagiarism is checked with approved software and handled under the UGC (Promotion of Academic Integrity and Prevention of Plagiarism) Regulations, 2018.
- **Independent evaluation:** Theses are examined by experts from institutions of national importance and other universities, with a clear decision matrix.
- **Open access:** Every awarded thesis is made publicly available through Shodhganga.

7. Support for Research Scholars

- **Stipend:** Full-time scholars engaged by their department receive ₹20,000 per month for three years.
- **Affordable fees:** ₹20,000 per semester for full-time and ₹30,000 per semester for part-time scholars.
- **Flexibility:** Choice of full-time or part-time registration, with one conversion permitted; online NPTEL/SWAYAM coursework.
- **Inclusive provisions:** Up to 240 days of maternity/child-care leave for full-time women scholars, and extended duration for women scholars and persons with disabilities.
